Not Specified	Any Other	2021-2022	Not Specified	<p>In the year 2018 we received a project from the forest department to work on the human-elephant zones. It is then when we realized that we needed a study vehicle that can be our first lone of defense if there is any elephant attack. During our tenure we got charged by elephants twice which was quite scary. That is when we decided that we have to get a vehicle . That is when our long time friend Mr Subhankar Koley came forward and donated 500000 towards purchase of a study vehicle.</p>
